EXPERIMENT

Construction of the BFP-Linked Editor

BRANCH	DATE	EXPERIMENTER
Reporter	2026-09-04	Hansen Zhang

Experimental Summary

The BFP-linked editor was prepared by PCR, gel recovery, homologous recombination, transformation and plating.

Results

The construction proceeded to sequencing submission on 5 September.

PROTOCOL

M01: PCR

M02: Agarose Gel Electrophoresis and Gel Extraction

M04: Homologous Recombination

M05: Transformation & Plating
