EXPERIMENT

Plasmid Transfection for ASO Knockdown Experiments

BRANCH	DATE	EXPERIMENTER
ASO	2026-09-28	Hansen Zhang

Experimental Summary

Plasmid transfections were performed to establish the ASO knockdown experiments. The associated plate plan includes ASO-tagged and comparison mCherry constructs and an ORCA/APOE4 reporter arm.

Results

The cultures proceeded to ASO transfection and baseline collection on 29 September.
